HERE IS THE TRAVEL GUIDE . . .

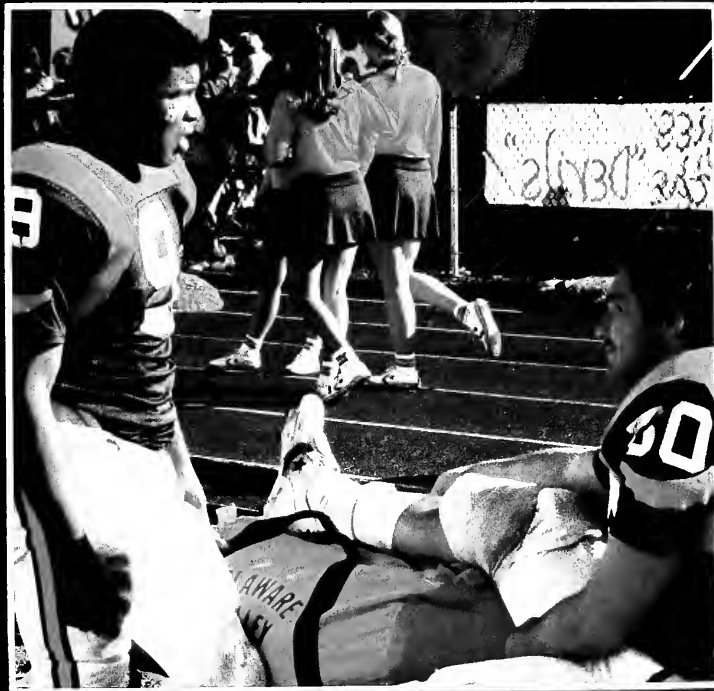

Highlights And Side Trips

Travel Tip

Student Life: There are few places in the world offering such a variety of activities as DVC. There are special events such as Parent's Day, Homecoming, Halloween, Christmas, Founder's Day, Superstars, A-Day every year, along with concerts, dances and unusual events

to satisfy every traveler's desire. For the athletic traveler, there are inter-collegiate and intramurals offering the student a chance for competition in sports. There are also many different clubs and organizations for varied opportunities for the traveler. These activities give the traveler an interesting student life at DVC.

Travel Tip

Sports: At DVC, the athlete has many opportunities for intercollegiate competition. Both male and female travelers have the opportunity to be on a sport team. The athletic

program includes: football, soccer, cross country, field hockey, women's volleyball, men's basketball, women's basketball, wrestling, baseball, track, golf and softball. Sports are a vital part of the life at DVC.

Special Attractions

Travelers

Travel Tip

Underclassmen: The travelers come from all types of life and give us different points of view. The underclassmen have many different chances to tailor their DVC life to their needs and desires. This makes DVC what it is.

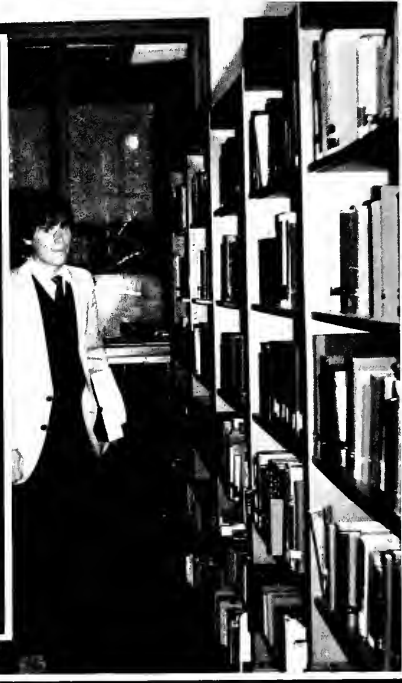

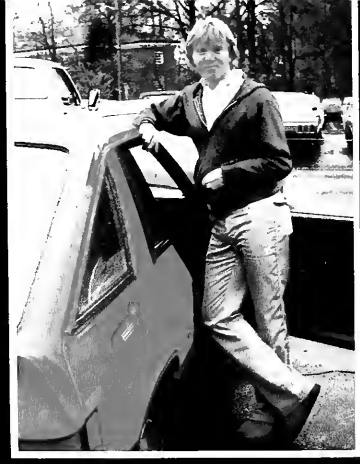

Travel Agents & Tour Guides

Travel Tip

Administration and Faculty:
There is no shortage of administration at DVC and no shortage of their

willingness to help. The faculty gives the traveler a great opportunity for study and individual attention to each of their tours. Both the administration and faculty care.

Satisfied Customers

Travel Tip

Seniors: After four years of travel at DVC, the senior becomes a satisfied customer. A new beginning will emerge, after graduation, and the past will be remembered forever.

Homecoming 1981 is . . .

Alot Of Fun

The Homecoming events of 1981 started Friday night with a lively pep rally. Once again, Bruno gave his special touch and spirit to the pep rally crowd. The highpoint of the evening was when Gwen Stauffer of the Landscaping Club was crowned the 1981 Homecoming Queen.

A late Friday night of float and spirit car building ended with many tired people waiting for the parade. Saturday morning found the streets of town lined with many people to see the parade lead by Grand Marshall Marc Howard of Channel 6, Action News. At the game, he re-crowned Gwen as Homecoming Queen. Block and Bridle won the float competition and Elson Hall won the dorm decorating contest.

D.V.C. Struck By Halloween Fever

Once again, DVC was struck by Halloween fever. The campus buzzed with Pre-Halloween activities and decorations. Then the moment the students had waited for, the Halloween dance, began with students dressed in costume. As always, Halloween provided to be one of the high points of the fall.

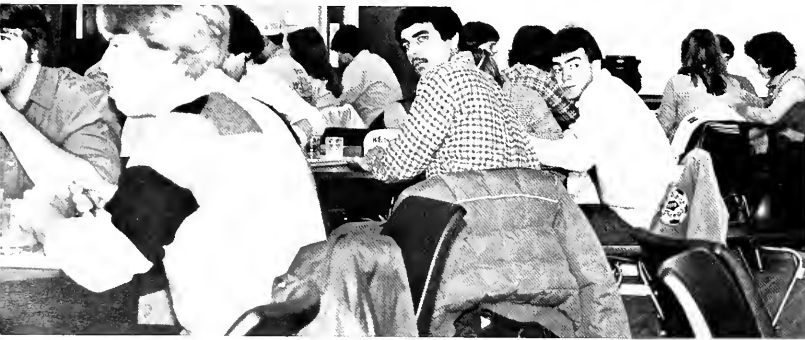

DVC Travelers Compete In IM Football

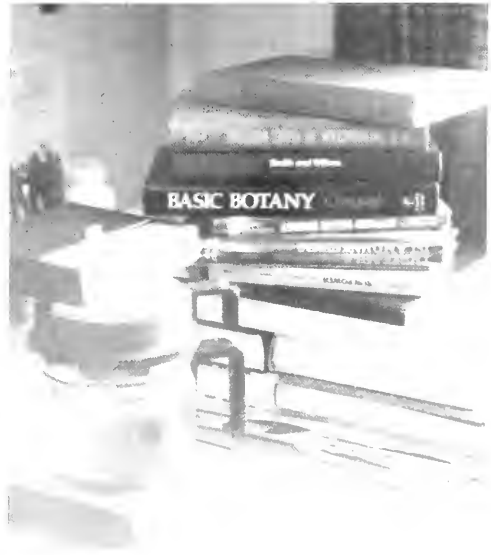

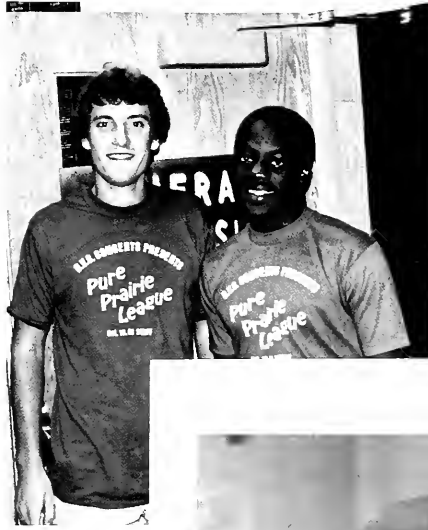

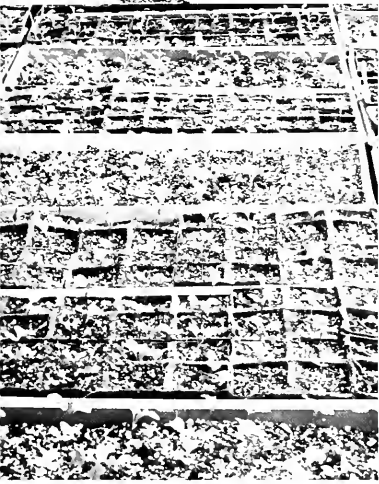

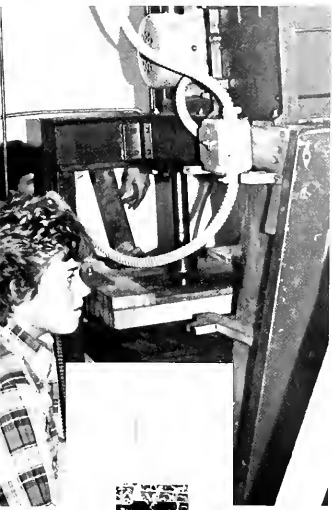

DVC offers many sides to campus life. There is books, studys, and activities such as dances, movies, concerts and special events. The greatest experience for the campus person is the dorm life which provides a home, friends to hang around with, and many events to make college life interesting and rememberable.

Christmas celebrations mark the beginning of the winter season at DVC. Winter offers the campus a different look which includes snow piles, a frozen Lake Archer and an icy parking lot. With the cold winds, students hurry around preparing for Christmas and vacation with various activities such as decorating dorms, shopping and Christmas concerts. This season is a special attraction to the DVC traveler.

Without These Travelers There

I did not know Admissions had a third floor. When the Senior Pictures coming? Why can't we receive our yearbooks in the spring? These statements are heard by the small number of members which compose the Cornucopia staff. The staff has the impossible task to cover the whole year of events at DVC and condense them to form a yearbook. The Cornucopia staff is composed of students who take pictures, write and type copy, layout pages, draw artwork and handle the business area. The Cornucopia always needs students to make the book represent more of the college population.

To The Graduating Class of 1982:

On behalf of the Agronomy Department, I would like to congratulate you on the successful completion of four years of college work. During these years you have received a good education at Delaware Valley College, which you will appreciate even more after you have been out of college for a while. I am confident, you will follow the example of those who have preceded you and make good use of it in the years to come.

Best wishes and good luck in your chosen career from all of us!

Julian Prudeanu, Chairman
Agronomy Department

Leaders In Business

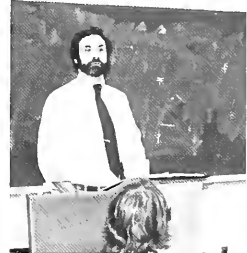

To The Class of 1982

What a time to be graduating from college, to be starting a career in the business world! Is that a positive or negative statement? How did you view it when you read it? We, the faculty in Business Administration, feel very positive about your ability and the education you have received to equip you for today's challenges. The economic problems which we all face are exciting challenges for you to work on, resolve and grow from. What a good time it is to be graduating from college!

George F. West,
Chairman, Business Department

Edward J. McCool

Michael Simone

To The Class of 1982:

Way back when, you accepted a personal challenge: To pursue a career and a college education simultaneously. Your degree is the successful culmination of part of your personal challenge. You are to be congratulated upon completing a program that required great sacrifice and dedication. May your other goals and challenges also come to successful conclusions.

To The Animal Husbandry Class of 1982:

On behalf of the Animal Husbandry Faculty I wish to congratulate you on completion of your degree.

During the past four years, you have received a wealth of knowledge enabling you to successfully pursue a career in your chosen field. Continue to build upon the knowledge and improve animal agriculture. There are always opportunities for knowledgeable people who are willing to work hard and accept responsibility.

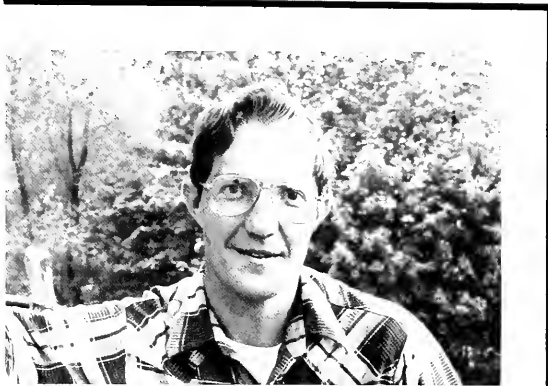

Congratulations and best wishes for a successful and productive life.

"Fortunately science, like that nature to which it belongs, is neither limited by time nor space. It belongs to the world, and is of no country and of no age. The more we know, the more we feel our ignorance; the more we feel how much remains unknown; and in philosophy, the sentiment of the Macedonian hero can never apply,—there are always new worlds to conquer."

Sir Humphry Davy, 30th November, 1925.

To the Chemistry Class of 1982.

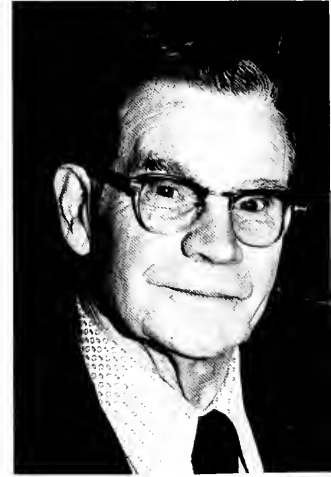

Congratulations! Best Wishes for the Future! A Future filled with the satisfaction for a job well-done and the anticipation of new challenges. You are the locksmiths to a better life; take the initiative.

SAMUEL M. JACKSON IV
April 3, 1960-October 26, 1979

Samuel M. Jackson IV

Upon First encounter, his sparkling eyes capture attention. Set wide, they reflect strength; soft blue, they threaten no violence. In time, consideration and sensitivity intertwined with kindness flow through each gaze. When he talks through his small, well-formed mouth, his dark brows twitch with expression. Broad jaw and high cheek bones contribute as assets to his sharp, smiling sense of humor. His thick, dark, shining hair exemplifies his good health and cleanliness. A strong stance and powerful shoulders make the most of his small stature. They, along with a deliberate stride, alert even strangers to his athletic abilities. Yet his stride contains no strut of conceit. The atmosphere his being radiates is filled with confidence and determination to grow to his fullest potential while encouraging others, too.

Morning Has Broken

Morning has broken like the first
morning,
Black bird has spoken like the first
bird.

Praise for the singing, Praise for
the morning,
Praise for them springing fresh
from the world.

Sweet the rain's new fall, sunlit
from heaven,
Like the first dew fall on the first
grass.

Praise for the sweetness of the wet
garden,
Sprung in completeness where his
feet pass.

Mine is the sunlight, mine is the
morning,
Born of the one light Eden saw
play.

Praise with elation, praise ev'ry
morning,
God's recreation of the new day.

THE WHITE HOUSE

April 16, 1982

To the 1982 Graduates of Delaware Valley College of Science and Agriculture:

Today you celebrate an achievement in which you can rightfully take great pride and satisfaction. As graduates of a fine American college, you are an important part of our nation's hope for the future.

You are here today because of your own effort and because your families and teachers had faith in your abilities. They made sacrifices to help you achieve this goal and you worked diligently to justify the opportunity which has been afforded you. But your work is not ended. As you move forward in new directions, you will work to fulfill the hopes and expectations which have been invested in you. In so doing, you will renew the great faith which our nation has traditionally placed on the value of education.

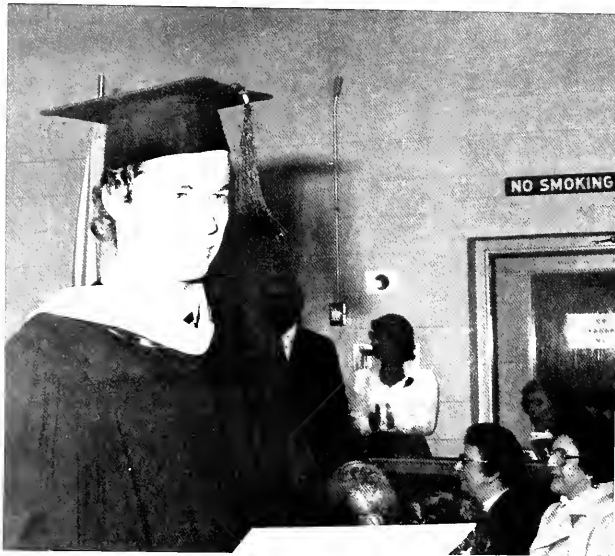

Scholarship has prepared you, in mind and in spirit, to function at a higher and more complex level. Now it is your responsibility to play your part and to enhance the history of mankind's accomplishments.

I join all those saluting you, your parents and your teachers. May you continue to hold their admiration and to earn their pride. May you always dare to dream and may you find the means to make your dreams come true.

Congratulations.

Editor's Message

I hoped you have enjoyed traveling through this year's DVC Travel Guide. I have mixed emotions as I finally reach the last page and my editor's message. I can't believe the book is finally finished. To the staff of Cornucopia, thank you for your help in making this book special. To Darryl and Joan, this book could not have been completed without your dedication. Good Luck next year.

I would like to give thanks to some special people who gave support to the yearbook and to me. To the Faculty, Administration, Clubs and Sports teams, thank you for help with information and pictures. To Tony and Linda, the photography is great and thank you for always being there to take pictures with your special touch. To the ladies of Financial Aid, thank you for all the help, support and interest in the book. Mr. O'Brien, thank you for your help so we could make our deadlines. I could not have done it without you. To Mr. Sauer, thank you is not enough. I would have given up many times without you being there to listen to all my problems and always ready to help. Thank you.

To my roommate, Margaret, thank you for your support, listening to me, putting up with the phone calls and the mess in our room. Without your support, this book would never have been completed. Janice, Tacy, Rusty, Pat, Mike, Jim, John, and Scott, thanks for putting up with me and all the talk about yearbook. To my parents, I give a special thanks for the support and guidance they gave me this year.

Thank you is not enough to the people for the help they gave. This has been the best experience for me and I have learned alot from this book. I am very sad to see it end but I can't wait to see the book and I hope you will enjoy the 1982 Cornucopia.

Charleen
